

From: Foundation Systems / Pharmacy Software Vendor

A request has been placed by the pharmacy to our company to set them up to be able to have access to the Internet for prescription billing and telecommunications to our office. In order to assist accomplishing this, we need to have access through any firewall devices on your network to the following IP addresses:

<u>IP Address</u>	<u>Alias</u>	<u>Port/Socket #'s</u>	<u>Reason</u>
74.113.61.50	rsirx	8277	Billing to Change Health
64.250.235.186	rsirx2	8277	Billing to Change Health (backup)
216.48.27.145	allwrx	5001	Billing to Alwin Data
206.227.220.30	ndcrx	18001 – 18004	Billing to NDC (National Data Corp)
*claimsrx.ndchealth.com		18001 – 18004	Billing to NDC (National Data Corp)
50.238.138.113	fsirx	2401-2404, 21, & 22	Communication to FSI
166.70.120.123	fsirx2	2401-2404, 21, & 22	Communication to FSI
166.70.120.124	fsiintback2	21 (outbound ftp only)	FSI Internet Backup
50.238.138.114	fsiintback	21 (outbound ftp only)	FSI Internet Backup
50.238.138.114	sc.fsi.us.com	443 (ScreenConnect) 8041 for the ScreenConnect App.	
sftp.aainh.com	csca2	secure ftp 21 (outbound sftp only)	Atlantic Associates
sftp-csdb.utah.gov	csut	secure ftp 21 (outbound ftp only)	Utah Control Sub. Site

Internet Refill Request requires that connections from **www.rxrefill4u.com** on port 3001 be forwarded to the Pharmacy System server.

Thank you for your assistance.
